MICHAEL K. DUMIN

Director of Facilities

August 1, 2018

Dear Parent/Guardian:

The Pennsbury School District, in accordance with the Asbestos Hazard Emergency Response Act (AHERA) has conducted inspections of all School District buildings for the presence of Asbestos-Containing Building Materials (ACBM). An asbestos management plan for each building was developed detailing the location and condition of all ACBM along with the short-term actions to be taken to protect the building occupants. These management plans are available for review by any interested person in either the District Administration office or the individual school office during normal working hours.

The District conducts an AHERA 6-Month Periodic Surveillance Inspection District-wide in the Spring and Autumn each year.

AHERA regulations require re-inspections of all buildings every three years by an accredited building inspector. This triennial inspection was conducted during the month of May 2018.

Sincerely,

Michael K. Dumin
Director of Facilities
