

Pennsbury School District Preschool Readiness

Parent Workshops

Early childhood is a time of remarkable physical, cognitive, social and emotional development. Infants enter the world with a limited range of skills and abilities. Watching a child develop new motor, cognitive, language and social skills is a source of wonder for parents and caregivers.

Workshop Dates

Tuesday, April 10th*

Tuesday, April 24th

Tuesday, May 1st

Tuesday, May 8th

Tuesday, May 15th

Tuesday, May 29th

* April 10th is a parent only session. All other sessions a parent and child will attend.

Do you have a child age birth to four years of age?

Pennsbury School District will feature 6 **FREE** parent/child workshops intended to equip parents with the best possible tools to increase their child's early learning skills.

At Pennsbury School District, we believe in the development of the whole child: the academic, social, and emotional growth. These parent/child workshops will be tailored to assist in the development of each of these areas.

Get ready to roll up your sleeves, build relationships with members of our school community and discover how you can help your child grow as a learner!

To sign up for this workshop series, please use the link below. Space is limited to 20 participants. This is a six part series and participants are required to attend all 6 sessions.
