The Contractor has not been found in violation of any other law relating to its contracting business, including but not limited to wage or hour laws, environmental laws, antitrust laws, immigration laws, licensing laws or tax laws, by a final decision of a court or government agency or authority in the past three (3) years.                                                                                                                                                                                                                                                                                                                                                                                                                                     | <input checked="" type="checkbox"/> | <input type="checkbox"/>            |
| 6. The Contractor participates in a Class A Apprenticeship Program for each trade in which it employs craft employees and shall continue to participate in such program or programs for the duration of the project. A Class A Apprenticeship Program is an apprenticeship program which is currently registered with the U.S. Department of Labor or a state apprenticeship agency and has graduated apprentices to journeyman status for three of the past five (5) years. The Contractor shall provide proof of this qualification standard by submitting appropriate documentation as an attachment to the Responsible Contractor Certification. To permit development of recently registered programs, the graduation requirement of this provision shall not apply to: | <input checked="" type="checkbox"/> | <input type="checkbox"/>            |

- (a) An apprenticeship training program registered within the past ten (10) years;  
or
- (b) An apprenticeship program registered within the past ten (10) years if the program provides apprenticeship training for a craft or trade that was not recognized as an apprenticeship craft or trade by the U.S. Department of Labor or State Apprenticeship Council at the time the program was registered.

Any program not required to meet the graduation requirements of this section shall, in addition to providing proof that it is currently registered with federal or state government, provide evidence that the program is actively engaged in bona fide apprenticeship training activity.

- 7. The Contractor has all technical qualifications and resources, including equipment, personnel and financial resources, to perform the referenced contract, or will obtain same through the use of qualified, responsible subcontractors.
- 8. The Contractor maintains all documents necessary to ensure that all employees are United States citizens or properly documented legal aliens entitled to work under existing Federal law.
- 9. The Contractor has been incorporated and conducting business in the trade or craft for which they are bidding on for at least three (3) years. The term conducting business shall mean having completed projects either the same or substantially similar to the project for which they are bidding. If queried on this paragraph, the Contractor shall produce legal documents, photographs and references as to the longevity of their business. This review shall be conducted by the District Superintendent or the Board of Directors or their designee.

Upon receipt of a Notice of Intent to Award Contract, the Contractor will provide the District with subcontractor list and subcontractor information as specified in the Pennsbury School District Responsible Contractor Resolution.

The ABC Eastern Pennsylvania Chapter's Apprenticeship and Craft Training programs combine on-the-job training with classroom instruction. Students attend school on a flexible schedule and many ABC member employers pay students while they train.

ABC Eastern Pennsylvania Chapter's Apprenticeship Trust is a state and federally approved apprenticeship program and offers the nationally recognized "Journeyman" credential in Electrical, Plumbing/Pipefitting, Carpentry, Masonry, Sheet Metal, Concrete and Sprinklerfitting. It is a National Center for Construction Education and Research (NCCER) sponsor.

Students receive on-the-job training while attending classes to learn the latest techniques and practical applications of their craft. The semesters run September to December (first semester) and January to April (second semester). After completing this program, students enter the job market as journey-level workers.

### **WHY ABC TRAINING?**

*"The ABC Apprenticeship program has played a critical role in developing our apprentices into Journeyman. They've gained the knowledge and hands on skills needed to be successful in the field and have played an integral part in growing our organization and allowing us the opportunity to expand into different locations and markets.*

*Additionally, the day training allows our apprentices to further their education and commitment to the trade while not interrupting their time with their family. This is critical since it supports our organizations culture and family philosophy. Our company has been able to successful retain graduates as a result of the commitment we show towards their education and career path and we are looking forward to the continued success of our future apprentices."*

Dan,

I am unable to get you the hard copies today. See attached contract, certificate of insurance, and bonds. No subcontractors will be utilized over \$100,000. I will provide you a schedule of values after the pre-con meeting. I will bring the originals to the pre-con meeting tomorrow.

Any questions feel free to give me a call. See you tomorrow.

Thank you,
