

PENNSBURY SCHOOL DISTRICT

134 YARDLEY AVENUE • P.O. BOX 338 • FALLSINGTON, PENNSYLVANIA 19058-0338

January 14, 2022

Dear Pennsbury School District Families:

As I shared in my [December 30](#) update, we are no longer sending individual case notification emails. Instead, each Friday, we will share one notification of all “infectious while in school cases.” We remain fortunate that the recent increase in cases has not forced us to close any schools; however, this could change quickly.

Please refer to our [COVID dashboard](#) for the number of “infectious while in school” cases at each school. The dashboard is updated daily. Please note: This dashboard contains cases that were infectious while in school. It does not include cases where students were not present in school during their contact tracing window.

If your child tests positive for COVID, please keep them home and contact your school nurse. Families of any student identified as a close contact are notified directly. Only families of students deemed a close contact will receive a direct notification. Please click here for the district’s [updated quarantine protocols](#).

Sincerely,

Thomas A. Smith, Ed.D.
Superintendent of Schools
