Dear Parent/Guardian,

The Pennsylvania Department of Education, Bureau of Special Education (BSE), monitors all school districts and charter schools in the state at least once every six years to ensure that they are complying with federal and state regulations for special education. Pennsbury School District was monitored in the 2019-2020 school year. As part of this monitoring, the BSE is seeking parent opinions about the special education services being provided.

To complete the parent/guardian survey, click [here](#). If you do not have a computer, most public libraries have equipment available for public use. You may also request to use a computer to complete the survey from the school district school. Each survey is easy to complete and should take 15-20 minutes. Names are not used, and no one is identified. Parents/guardians must complete the survey **no later than June 25, 2021**.

All surveys received by **June 25, 2021** will be considered in the BSE monitoring review process. Should you have any questions about the survey, you may contact the Director of Special Education, Regina Rausch.

Thank you so much for taking the time to provide us with input.

Sincerely,

Regina Rausch
Director of Special Education
