

Board Policy Update

Dear Parent(s) / Guardian(s):

The Pennsbury School District is committed to providing a safe, supportive and inclusive learning environment for each and every child. To ensure that every student has equal educational opportunities and equal access to district educational programs and activities, we encourage open communication. If you're concerned with any aspect of your child's development or personal growth, we invite you to start a conversation with a staff member with whom you feel most comfortable, such as the school counselor, principal, your child's teacher or the school nurse.

For example, in compliance with Federal guidelines, the Pennsbury School Board recently approved a new Board Policy that protects the needs of transgender and gender expansive students. This policy ensures that our programs and practices are free from discrimination based on sex, sexual orientation, or gender identity or expression. We have developed practices to ensure each child's privacy in enacting accommodations as necessary on an individual student basis.

Thank you for your partnership in the Pennsbury School District. We are committed to diversity, inclusion and celebrating the uniqueness of each child.
