

PENNSBURY SCHOOL DISTRICT

134 YARDLEY AVENUE • P.O. BOX 338 • FALLSINGTON, PENNSYLVANIA 19058-0338

August 3, 2023

Dear Pennsbury School Community,

Later this month, we will select committee members to help guide the first phase of the high school design project. We would like to include individuals from our greater community on this committee.

There is still time if you would like to participate on this committee. You can submit your information using one of the following methods:

- Send an email to PHSproject@pennsburysd.org.
- Call 215-428-4111
- Complete this online form: <https://forms.gle/yqH2FdDUnpo3qRxg8>

Please share this information with anyone else you feel might be interested in our high school project.

Updates will also be presented monthly at our District Board of Directors meeting. In addition, two community building walkthroughs are tentatively scheduled for Saturday, September 30 at 10:00 a.m. and Tuesday, October 3, at 6:00 p.m.

Please Note

The interest form will close at 5:00 p.m. on August 15. Committee members will be randomly selected and notified in late August. This process will likely take several months and may require daytime, evening, and weekend meetings, as well as site visits to other high schools.

Sincerely,

Thomas A. Smith, Ed.D.
Superintendent of Schools

Pennsbury High School Project Background

On June 15, the Pennsbury School District Board of Directors passed the 2023-24 school budget that includes a financial commitment for a major change to the Pennsbury High School campus (either a major renovation to the West campus or the construction of a new high school on the grounds of the current high school campus). This project will take several years to complete - see the tentative schedule below.

[High school design information presented at the June School Board Meeting is available here.](#)

Tentative High School project schedule:

July - November 2023	<ul style="list-style-type: none">● Discussions/Assemble Committee● Community Meetings● Site Surveys, GeoTech Investigation, Hazardous Materials Investigation
