### **Bicycle Permission Slip**

Students in **Grade 3, 4 & 5** have the privilege of riding their bike to school. On February 25, 1995, the Pennsylvania State Legislature passed a bicycle safety law that requires all children under the age of 12 to wear a helmet when operating or riding as a passenger on a bicycle. **This law will apply to all Penn Valley students who ride their bicycle to school.** Once students approach the school they will be asked to walk their bike along the path due to other students arriving. The student will park their bicycle and report immediately into the building.
