February 6, 2024

Dear Pennsbury School Community,

We are excited to announce an important step in the development of a new Pennsbury High School - the public presentation of architectural firm finalists. As we embark on the journey to create a new high school, community feedback is an important part of the process.

Requests for proposals were advertised in November, and interested architectural firms were asked to submit concepts for a new Pennsbury High School by January 29, 2024. We received nine proposals, and we have identified four finalists who bring a unique vision and experience to the construction of a new high school.

To provide an opportunity for those interested in participating, we have scheduled a public presentation where the finalist will showcase their proposals. This event allows our community to learn about each firm's approach and provide input.

Details of the public presentations are as follows:

- **Date: February 21, 2024**
- Time: 6:30 pm
- Location: Pennsbury High School East Auditorium (705 Hood Boulevard, Fairless Hills)

During the presentations, attendees will have access to feedback forms to share their thoughts and preferences regarding each proposal. The input received will play a role in helping the district make a final decision, ensuring that the chosen architect aligns with the needs and aspirations of our school community.

We encourage any interested member of our school community to attend and participate actively in this process.

Thank you for your continued support and commitment to our school's growth and development. We look forward to your participation in this important event.

Best regards,

Thomas A. Smith, Ed.D.
